## PAO Habitat for Humanity Build

We don t just appraise our community we help build it!

On February 29, 2020, several staff members from the Property Appraiser s Office volunteered a Saturday to help in the construction of a Habitat for Humanity build in downtown Clearwater. In the spirit of teamwork and camaraderie, the gang of volunteer PAO builders proudly wore matching t-shirts with the slogan, We don t just appraise our community we help build it! Beautiful weather, a hardworking crew, extremely helpful project managers, and a lovely new homeowner all made for an absolutely fantastic day!
